

ACCRTA is offering some new items for sale:

First is a **light weight windbreaker**, zipper front, with a hidden hood and inside pocket for cell phone. It comes in black with red piping. It is washable and packable.

Second we are offering a **new polo shirt** with three button closure. It is a Port Authority Silk Touch shirt of 65/35 poly/cotton pique blend. Samples were available at the District meeting in Bono and everyone like the quality. Again, washable & tumble dry.

It is available in both adult (men's) sizing or in ladies sizing. Ladies is a little more fitted and has a little shorter sleeve and is shorter in overall length.

Please see the attached order form for pricing and colors.

If you are interested in ordering, the sooner you order, the greater the possibility of having them for you at the League Conference in June.

I will be batching orders to save us money in shipping charges, so if you miss the cut-off for the League Conference, the next delivery could be the August District meeting in Hardy or the Institute in September.

If you have any question, please feel free to get in touch with me. My contact information is on the order form.
